

HOME STANDBY GENERATORS

Home Standby Generator Preventative Maintenance

Crawford Company offers installation of home standby generators and preventative maintenance agreements for these systems. The preventative maintenance is performed once per year at a rate of \$180.00.

Crawford electricians will talk with you about your needs and concerns and provide expert level work for your home.

Preferred Service: As a Maintenance agreement holder you will receive "preferred service". This includes priority customer service, discounted regular time labor rates and a 15% discount on all parts.

SERVICES INCLUDE

- Oil change
- Oil filter change
- Air filter replacement
- Spark plug replacement
- Electrical supply verification
- Start battery test and verification
- Overall system analysis and operational inspection
