

## Crawford Company

1306 Mill Street  
Rock Island, IL 61201  
309-788-4573

Crawford Company offers installation of standby home generators and preventative maintenance agreements for these systems. The preventative maintenance is performed once per year at a rate of \$180.00.

Crawford electricians will talk with you about your needs and concerns and provide expert level work for your home.

**Preferred Service:** As a Maintenance agreement holder you will receive "preferred service". This includes priority customer service, discounted regular time labor rates and a 15% discount on all parts.

- Protects plumbing systems by reducing hard water scale and lime buildup
- Saves energy by reducing scaling - less scaling can improve efficiency of your hot water heater
- Save money by using less detergent - cleaning with soft water requires less detergent to be used
- Soft water reduces spotting on dishes and faucets
- Metered system will only recharge when it needs to be used off of water usage
